U.S. Government Provisions and Clauses for Orders under U.S. Government Contracts

1. General

- 1.1 If an Order is placed at any tier under a Prime Contract awarded by the U.S. Government, additional U.S. Government provisions (“U.S. Government Contract Clauses”) shall apply. In the event of a conflict between a provision in this document and Buyer’s Standard Terms and Conditions of Purchase, this document shall control to the extent permitted by law. Terms not defined herein shall have the meaning ascribed to them in Buyer’s Standard Terms and Conditions of Purchase.
- 1.2 While Buyer has made every effort to include every potentially applicable U.S. Government Contract Clause in this document, U.S. Government Contract Clauses, the inclusion of which in a subcontract is mandatory under a statute or regulation, shall be considered to be included by operation of law, even if it has been omitted from the Order.
- 1.3 Supplier shall incorporate the applicable U.S. Government Contract Clauses in each lower-tier subcontract placed in support of this Order.
- 1.4 Supplier shall indemnify and hold Buyer harmless from and against any cost, price reduction, withholding, offset, penalty, interest, claim, demand, determination of unallowability or unallocability, or any other civil, criminal, or administrative liability, whether arising under statute, regulation, contract or common law, and shall reimburse Buyer for all of its damages and associated costs, including reasonable attorney fees and other expenses, if said liability is attributable to the Supplier or Supplier’s subcontractors’ failure to comply with the applicable U.S. Government Contract Clauses.
- 1.5 Notwithstanding any other provisions in this document, Supplier shall comply with, and shall support Buyer’s compliance with, any applicable U.S. Government procurement regulations and policies, including (but not limited to) those concerning furnishing and certifying the currency, accuracy, and completeness of cost and pricing data for the Goods/Services. Supplier agrees to furnish cost and pricing data certified as to currency, accuracy and completeness every three (3) years, or as frequently as required by Buyer’s Customer. To the extent the prices under the Agreement and/or Order for the Goods/Services are at any time not supported by Supplier’s cost or pricing data, Supplier agrees to negotiate fair and reasonable prices for the Goods/Services and to incorporate such prices in the Agreement and/or Order. In no event shall any renegotiated unit price for

any of the Goods/Services exceed the unit price incorporated herein for such Goods/Services.

2. Inspection of Books and Records

- 2.1 Supplier agrees that its books, records and facilities, or such parts of its facilities as may be engaged in the performance of this Order, shall at all reasonable times be subject to inspection and audit by Buyer or any authorized representatives of the U.S. Government.
- 2.2 Supplier hereby grants to Buyer the right to examine its books, records and data which will permit the adequate evaluation of cost and pricing data used to arrive at the price quoted in this Order (including without limitation claims/proposals submitted pursuant to the Clauses entitled Changes and Termination for Convenience).
- 2.3 Supplier hereby grants to Buyer the right to conduct audits of Supplier's premises, records, data and documentation pertaining to: quality, inspection and testing of Goods; security and data protection procedures; ethical practices; and, any other requirement or obligation, under this Order.

Goods manufactured to Buyer or Buyer's customer furnished Specifications require prior Buyer's written approval for any variations to Specifications. When U.S. Government Inspection at Supplier's facility appears in the inspection block of this Order, the following paragraph applies: U.S. Government inspection is required prior to shipment from Supplier's facility. Upon receipt of this Order, Supplier shall promptly notify and furnish a copy of the Order to the U.S. Government representative normally servicing Supplier's facility so that the U.S. Government inspection can be appropriately planned. If a U.S. Government representative does not service Supplier's facility, Supplier shall contact the nearest Defense Contract Management Agency ("DCMA") office to plan the inspection. If Supplier cannot locate the DCMA office, Supplier shall notify Buyer immediately.
